12th Tripartite Meeting among Intergovernmental Satellite Organisations

SATELLITE ORGANISATIONS • 9 February 2021

The Executive Secretary Mr Piotr Dmochowski-Lipski participated in the annual Tripartite meeting of the Heads of EUTELSAT IGO, International Telecommunications Satellite Organization (ITSO) and International Mobile Satellite Organization (IMSO) that was hosted this year by Mr Patrick Masambu, Director General of ITSO.

The Heads of the three organisations met virtually to exchange views on matters of common interests and concerns and to review the developments related to their organisations since the last Tripartite meeting held in 2019 in London. Discussions were also held in relation to current topics including the effect of the COVID-19 pandemic on the satellite operators they supervise. The organisations furthermore reaffirmed their shared goals of bridging the broadband digital divide and their support and commitment to the UN efforts towards achieving the Sustainable Development Goals.

About EUTELSAT IGO

EUTELSAT IGO is the European Telecommunications Satellite Organization. Established by an international treaty, the intergovernmental organisation is headquartered in Paris and comprises 49 Member States. Its primary mission is to ensure that the company Eutelsat S.A. complies with the Basic Principles of the EUTELSAT Amended Convention. It also ensures continuity of the rights to use radiofrequencies and orbital locations which were assigned collectively to the Member States and the Organisation by the International Telecommunication Union. EUTELSAT IGO is an active contributing member of the international telecommunications and space communities.
