## A New Era for European Space: turning Vision into Action

OTHER ACTIVITIES • 26 January 2022

EUTELSAT IGO participated in the online 14<sup>th</sup> Conference on European Space Policy held on 25 and 26 January. Entitled "A New Era for European Space: turning Vision into Action" the event included debates on new European initiatives, the necessity to increase Europe's resilience in and from space and the need to build a European secure connectivity constellation. The European Commissioner for Internal Market Thierry Breton presented the main priorities of Europe in the space sector and stressed the need to recognise space as a strategic area.

### About EUTELSAT IGO

EUTELSAT IGO is the European Telecommunications Satellite Organization. Established by an international treaty, the intergovernmental organisation is headquartered in Paris and comprises 49 Member States. Its primary mission is to ensure that the company Eutelsat S.A. complies with the Basic Principles of the EUTELSAT Amended Convention. It also ensures continuity of the rights to use radiofrequencies and orbital locations which were assigned collectively to the Member States and the Organisation by the International Telecommunication Union. EUTELSAT IGO is an active contributing member of the international telecommunications and space communities.
